

FLAVORSEAL™

Re-shaping food packaging

Roll Stock Films. Proven performance & superior quality for all your food packaging needs.

**HIGH PERFORMANCE.
HIGH IMPACT.
HIGH QUALITY.**

Specifically designed to be used on a wide range of thermoforming machines, Flavorseal's new line of Roll Stock thermoforming films take protein packaging to the next level.

FEATURES

- High oxygen and moisture barrier reduces product waste and increases shelf life.
- Superior gloss and optics shows elevated product quality.
- Wide sealing and forming range allows for use on a broad range of thermoforming machines for greater efficiency and reduced packaging failure.
- Lock Seal or Peel Seal opening capabilities provide ease of use that consumers expect.
- State-of-the-art water-quenched blown film technology allows for a deep draw with superior forming capabilities

BENEFITS

- **Improved retail presence:** High-clarity packaging makes products stand out that surpasses competitors' shelf appeal.
- **High-impact branding:** Top film printing showcases a cohesive, attractive packaging.
- **Quick lead times:** Stocking programs provide quick turnaround on items to exceed demand for efficiency.
- **Potential cost-savings:** Superior forming performance results in uniform pockets and down gauging opportunities.
- **Unparalleled technical support:** Field Technical Support Team ensures products run effortlessly and seamlessly.
- **Consolidated packaging supplier:** Your complete source for every protein

STOCK FILM SPECIFICATION
